## NAWIC 2023 SAFETY EXCELLENCE AWARD

### Introduction:

Our Midwest Region's Safety & Health Awareness Committee is pleased to offer the Safety Excellence Award to distinguish NAWIC member companies who recognize safety as a corporate value and commitment. These companies have implemented excellent safety and health programs, and innovative solutions for creating strong safety cultures within their organizations. The means of achieving this include owner/upper management commitment, proactive safety and health programs, consistent enforcement policies, employee training, management committee initiatives, and program implementation creativity/innovation. Three categories will be accepted this year: **General Contractor, Subcontractor, and Supplier/Trucking.**

### Eligibility:

Eligible participants must employ a NAWIC member or Member-At-Large. Completed applications must be submitted in **one combined document** by **April 1, 2023** to the Midwest Region Awards Chair Jodi Wiemerslage [jwiemerslage@huntelec.com](mailto:jwiemerslage@huntelec.com)

Award will be presented at the 2023 MWR Spring Forum in Rochester MN May 4-6, 2023.

**SECTION ONE: Program Assessment Checklist**

Yes	No	N/A	
			Written safety and health policy signed by the company principal
			Your location employs a safety manager or director
			Have an annual safety and health budget, and budget(s) for each job
			Company policy allows field employees authority to "shut down" a job or operation because of a hazard that presents imminent danger to employees
			Safety & health policies or requirements are written into contracts to require subcontractors to meet your safety requirements
			Utilize a pre-qualification safety and health-screening method to select subcontractors, suppliers or vendors
			Require a site-specific orientation for all subcontractor, vendor, support personnel prior to project access
			Provide contractual provisions for termination of contractors for unsatisfactory safety performance
			All new hires are trained on how to report injuries, unsafe conditions and work practices
			New hire orientation includes location of first-aid kits/facilities and use/care of personal protective equipment (PPE)
			Have personnel on each job trained in first-aid and CPR
			Supervisors w/OSHA extensive (i.e. 10/30hr) hazard recognition/competent person training certification
			Competent person safety training applicable for your business (scaffolds, trenching, excavations, etc.)
			Your location has a written safety plan and emergency crisis response plan
			Site-specific written safety plan (fall protection, confined space, etc.)
			Site-specific written emergency/crisis response plan
			Conduct weekly safety meetings (tool box talks) on site
			Maintain safety and health recordkeeping requirements
			Accident reports are reviewed regularly to determine corrections
			Require safety and health inspections of each jobsite at least weekly by supervisor
			Written drug and alcohol prohibition policy
			Drug and alcohol testing protocol (pre-employment, post-accident, etc.)
			Inclusion of subcontractors in testing policy
			"No texting/hands free" phone policy while operating company owned vehicles
			Defensive driving training/program
			Provide written material and signs in language other than English
			Provide safety training in a language other than English
			A health promotion program is available to employees and their families (smoking, weight loss, heart health, etc.)
			Active participation in a construction-related association safety committee
			Attend local or regional safety seminars

**SECTION TWO: Tell NAWIC about Your Safety Program**  
**This is your opportunity to demonstrate that “special something” that sets your company apart from the others. Answer the following questions using no more than one page of Times New Roman, 12 Font, per question.**

1. Does your safety program have a commitment statement from your company CEO/President/Owner? If yes, please attach.
2. Describe your safety program. What sets your safety program apart from others? Include examples which demonstrates hard work, persistence, innovation, teamwork, and the passion for continuously improving your safety management systems above and beyond minimum state and federal safety standards.
3. What single element of your safety process was the most critical to your success in safety over the past 3 years and why? Describe any new systems, procedures, or elements (if any) that were integrated into your overall safety process during the past year.
