

QUALIFICATIONS TO BE MIDWEST REGION DIRECTOR

I love NAWIC – I firmly believe each of us plays an integral role in the beautiful mosaic that is our association. I want all our members to understand the value they bring, not just from their role in our industry but also from who they are as individuals. I feel the many perspectives we offer are invaluable, making us a unique organization.

I am passionate about the construction industry, as well as expanding the role of women in the construction industry. I strive to bring awareness to the strengths women bring to the table, while increasing the awareness of women as an asset to the construction industry. I am detail oriented and focused. I believe in leading by example and hold myself to high standards – both ethically and professionally. I constantly strive to grow and improve as an individual. I have lived my life in the construction industry, with experiences ranging from general contractor to subcontractor. I believe we all have experiences and value to aid one another in being better employees, owners, and individuals.

GOALS FOR TERM AS MIDWEST REGION DIRECTOR

- Increase visibility of NAWIC as the organization representing all women in the construction industry
- Help communicate the support, encouragement, and growth available within NAWIC

RH

**RAVEN HOFFMAN
