

Midwest Region

NAWIC 2022 SAFETY EXCELLENCE AWARD

Introduction:

Our Midwest Region's Safety & Health Awareness Committee is pleased to offer the Safety Excellence Award to distinguish NAWIC member companies who recognize safety as a corporate value and commitment. These companies have implemented excellent safety and health programs, and innovative solutions for creating strong safety cultures within their organizations. The means of achieving this include owner/upper management commitment, proactive safety and health programs, consistent enforcement policies, employee training, management committee initiatives, and program implementation creativity/innovation.

Background:

Three categories will be accepted this year: General Contractor, Subcontractor, and Supplier/Trucking. In the past, the Safety Excellence Award was given to the top three member companies at the chapter level, the regional level, and the national level, with a progressive winning process. In 2018 we did away with the progressive process by allowing any company who qualifies to complete and turn in their application for the National Safety Excellence Award. We greatly encourage the Chapters and National to continue with Safety Excellence Awards at their levels with the understanding that these will not follow the old progression.

Eligibility:

Eligible participants must employ a NAWIC member or Member-At-Large. Completed applications must be submitted in **one combined document** by **April 1, 2022** to the Safety & Health Awareness Committee Co-Chairperson, Jennifer Erickson.

Award will be presented at the 2022 MWR Spring Forum in Sioux Falls April 21- 23.

Send applications to jennifer@oecscomply.com. Judging for this award will be done by an unbiased party.

Three (3) categories will be accepted this year: General Contractor, Subcontractor, and Supplier/Trucking. The top three winners will be awarded at the 2022 Annual Conference in Minneapolis, MN either in person or virtually. Awards are based on leading indicators, not lagging indicators. However, this year the National Committee is asking for your organization's lagging indicators in the form of OSHA 300 logs, EMR rate, DART Incident Rate and Recordable Case Rate for use in the event of a tie. Proper business letter etiquette such as spelling, punctuation, grammar, and formatting will also be used for scoring in the event of a tie. All sections on all four pages must be completed for consideration.

			Site-specific written safety plan (fall protection, confined space, etc.)
			Site-specific written emergency/crisis response plan
			Conduct weekly safety meetings (tool box talks) on site
			Maintain safety and health recordkeeping requirements

NAWIC CHAPTER #: _____ REGION: _____

APPLICANT NAME: _____

This is your opportunity to demonstrate that “special something” that sets your company apart from the others. Answer the following questions using no more than one page of Times New Roman, 12 Font, per question.

1. Does your safety program have a commitment statement from your company CEO/President/Owner? If yes, please attach.
2. Describe your safety program. What sets your safety program apart from others? Include examples which demonstrates hard work, persistence, innovation, teamwork, and the passion for continuously improving your safety management systems above and beyond minimum state and federal safety standards.
3. What single element of your safety process was the most critical to your success in safety over the past 3 years and why? Describe any new systems, procedures, or elements (if any) that were integrated into your overall safety process during the past year.
4. Describe methods used to recognize and/or reward employees for safety performance.

SECTION THREE: TIE-BREAKER

In the event of a tie, provide the following information:

OSHA 300/300A Log Information:	2020:	2019:	2018:
Fatalities (300 column G):			
Lost Time Injuries (300 column H):			
Days Away and Restricted Work Cases (300 column H and I):
